Compilation of a list of owners of potential territories by intensive brainstorming according to the following criteria:

- geographic proximity
- relief
- current owner

We discard options with a location too far from the central accumulation of land, too difficult for work and processing by the relief, and owners, not interested in buying and selling, which we have no leverage on, and put up a list. With the help of our team of specialists,

Territory B - belongs to a billionaire and drug dealer, a large figure who needs to be officially compromised. To do this, we need a detective investigation and the full cooperation of the major media MOONTIMES to create a huge scandal. **Territory B** - belongs to a billionaire and drug dealer, a large figure who needs to be officially compromised. To do this, we need a detective investigation and the full cooperation of the major media MOONTIMES to create a huge scandal.
